Waltham Feb 26<sup>th</sup> 1834

Br. Phelps, /

19

We have recently formed an Anti-Slavery Society. We desire soon as practicable to have a public Address. I write to inquire whether you can come & address this community on that subject on the second sabbath evening of March. If it will accomodate you better, & if agreeable to you, I will exchange with you on that sabbath. Please to inform me by the next mail & you will much oblige us -

I have inquired respecting Miss Hodgkins & am not yet able to speak definitely. She attends meeting & sabbath school regularly. I fear she has been guilty of some improprieties of conduct, but am inclined to think she has not designedly done wrong, but I shall be able to speak more particularly & definitely hereafter. I hope if you come out you will see her.

With kind regards to your

good wife I am

affectionately yours

Sewall Harding.
